Biography

Andrea Benocci is Project & Community Manager and Course Instructor at SDA Bocconi School of Management. His collaboration with the School began in October 1993.

At SDA Bocconi, Andrea is the Database Manager. He is the sole teacher of the Financial Databases - Bloomberg course in the following Master programs: Master in Business Administration Full Time (MBA), Master in Corporate Finance (MCF) and Executive MBA (EMBA) and Executive MBA Week-End (EMBAWE).

He also administers a number of Master Alumni Communities on LinkedIn, namely the following: Master in Corporate Finance (MCF), Executive MBA (EMBA), Executive MBA Evening Program (EMBAS), Executive MBA Week-End Program (EMBAWE), Global Executive Master in Business Administration (GEMBA), Master of Management in Food & Beverage (MFB), Executive Master in Corporate Finance & Banking (EMCFB) & Master in Real Estate (MRE) and Executive Master in Amministrazione, Finanza e Controllo (EMAFIC).

He is also the Project Manager of EMBAFOREVER, a special initiative targeted to the School's Executive MBA Alumni.

He is the project manager for SDA Bocconi of some Master in Finance programs, which are run in joint with (or in assistance to) foreign Business Schools, namely the following: ESA - École Supérieure des Affaires in Beirut, Lebanon and AUBG - American University of Bulgaria in Sofia, Bulgaria.

From 1996 to 2018, he administered AFCnet, which is the Accounting, Finance & Control Community that gathers the attendance to the Executive Open Programs focused on the most relevant topics for AFC professionals.

His main areas of interest and research focus on Financial Databases, Behavioral Finance, Corporate Finance, Community Management, Project Management and Professional Networking.

Andrea earned a Degree in Economics and Business Administration from Università Bocconi.
