Curriculum Vitae

Alberto Grando is Professor of Operations & Supply Chain Management.

He is Full Professor of the Department of Management and Technology at Bocconi University.

At SDA Bocconi, he was Dean from 2006 to 2012. At Bocconi University, he was Vice Rector for Development from 2012 to 2016 and Dean for Strategy Implementation from 2017 to 2018.

His research activities focus on supply chain and logistics management, operations organization, management and performance measurement. Currently, he is taking an interest in the sustainable operations management, lean thinking and Industry 4.0.

He is the author of numerous books and articles on his subjects. His works have been published in *International Journal of Production Research*, *Production Planning and Control*, *International Journal of Automotive Technology and Management*, *European Management Journal*, *Total Quality Management & Business Excellence*, *Human Systems Management* and *Economia & Management*, among others.

He conducted numerous researches, projects and workshops in large companies operating in the manufacturing industry as well as in many small and medium-sized enterprises.

He was Visiting Professor at Cranfield School of Management (UK) and in other international universities and schools; he is Board Member of some Scientific and Academic Advisory Boards of national and international Institutions and research centers.

Alberto earned a Degree in Business Administration from Bocconi University and an ITP (International Teachers Programme) at London Business School.
