Curriculum Vitae

Francesco Daveri is Professor of Practice of Macroeconomics and he is the Director of the Full-Time MBA at SDA Bocconi School of Management.

He taught in a few Italian and European universities, including the Università Cattolica (Piacenza campus), Parma, Brescia, Munich and Lugano. He has acted as a consultant for Italy's Ministry of the Economy, the World Bank, the European Commission and the European Parliament. He has been a member and the Chairman of the Bank of Italy Committee for the granting of the "Bonaldo Stringher fellowships".

His research activities focus on the relationship between economic reforms, the adoption of new technologies and productivity trends at the firm, industry and aggregate level in Italy, Europe and the United States.

He is the author of books and articles on these subject matters. His works have been published in such journals as The Scottish Journal of Political Economy, Industrial and Labor Relations Review, Rivista di Politica Economica, CESifo Economic Studies, Economic Policy, Oxford Economic Papers, Review of Income and Wealth, World Development. He was a Visiting Fellow in a few universities, such as Harvard, Copenhagen and the Bank of France. He is Op-Ed writer for Corriere della Sera and the managing editor of the website LaVoce.info. He is also an expert speaker in Italian and international businesses and is often a guest speaker in Tv and radio programs. He is also a member of the Sustainability Committee of Eurizon Capital and of the Scientific Committee of Anie (Association for the .(Federazione Nazionale Imprese Elettrotecniche ed Elettroniche). He is co-curator of the item "Italy" and team leader of Bocconi's contribution to the Transformation Maps del World Economic Forum.

Francesco earned a Degree in Economics and Social Sciences from Bocconi University, an M.Sc. in Development Economics from
