# Curriculum Vitae

Assistant Professor del Dipartimento di Scienze delle Decisioni presso l'Università Bocconi

Ph.D. in Management, Decision Sciences, Insead (2007)

M.Sc. (2004), Insead, France

Laureata in Economia Aziendale presso l'Università Luigi Bocconi, Milano (2001)

## Posizione accademica e/o professionale

Assistant Professor in Decision Sciences presso l'Università Luigi Bocconi (2009).

Assistant Professor (2007-2009) in Managerial Decision Sciences presso IESE Business School, Barcellona, Spagna.

## Aree di interesse e di ricerca

- Theory and experiments in non-expected utility
- Multiattribute utility
- Risk-Value modeling
- Value of information

## Pubblicazioni

- I. Deciding with Thresholds: Importance Measures and Value of Information, con E. Borgonovo, Risk Analysis, forthcoming
- II. Elicitation of Multiattribute Value Functions through High Dimensional Model Representations: Monotonicity and Interactions, con F. Beccacece, E. Borgonovo, G. Buzzard e S. Zions, European Journal of Operational Research, 246(2), 2015: 517-527
- III. A Tailor-Made Test of Intransitive Choice, con A. Baillon e H. Bleichrodt, Operations Research, 63(1), 2015: 198-211
- IV. Mean-risk Analysis with Enhanced Behavioral Content, con P. Delquié, European Journal of Operational Research, 239, 2014: 764-775
- V. A Quantitative Measurement of Regret Theory, con H. Bleichrodt e E. Diecidue, Management Science, 56(1), 2010: 161-175
- VI. Disappointment without Prior Expectation: A Unifying Perspective on Decision under Risk, con P. Delquié, Journal of Risk and Uncertainty, 33, 2006: 197-215
- VII. Applying the Benchmarking Procedure: A Decision Criterion of Choice under Risk, con F. Beccacece, Theory and Decision, 61(1), 2006: 75-91
- VIII. Expectations, Disappointment, and Rank-Dependent Probability Weighting, con P. Delquié, Theory and Decision, 60(2-3), 2006: 193-206
